WE OFFER OUR CONTRACTED SCHOOLS WITH VARIOUS OPTIONS

## Purchasing options

- 1.** A unique service which incorporates a home delivery mobile shop. We are the first uniform company to provide a home delivery system and have thrived on providing an at-home service that has up to today, not been surpassed by any competitors. Our delivery guys are fully aware of their products and can guide you to make the right choices.
- 2.** We also offer schools the option to purchase the uniform from us, and handle all sales in-house.
- 3.** Uniform sales can be tedious - we can take all the headache away from the school, by manufacturing, selling and restocking the uniform at our cost. This would mean an on-site shop or a retail unit that parents would come to.
- 4.** Finally, another option can be for us to sell the uniform from a commercial shop and every aspect of uniform is managed by us.
